GLOBAL, INC

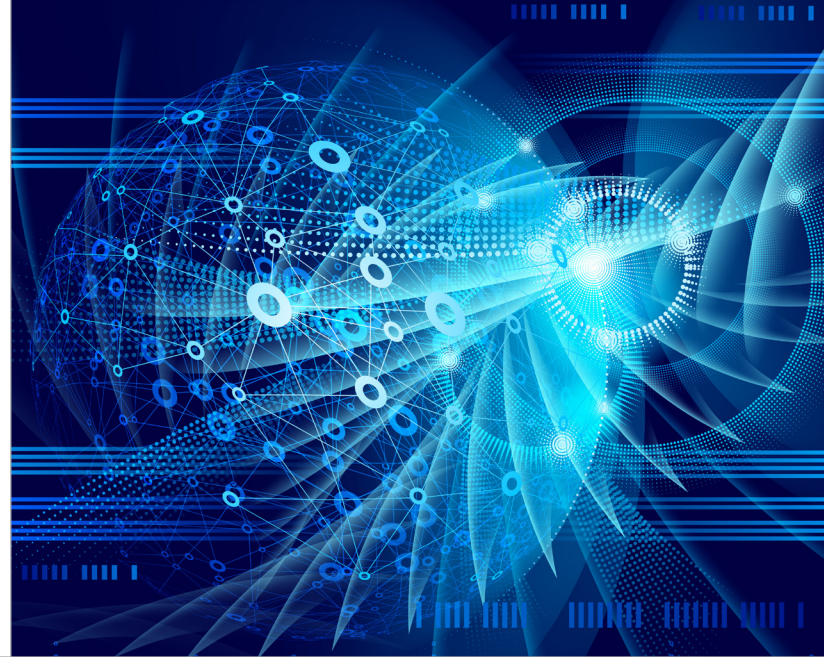

Worldwide Payment Solutions. Trusted Partner.®

Global Payment Processing For Your Business

An innovative payment gateway that's designed to grow as your business grows, the Metrics Global Gateway is reliable, efficient, flexible and secure.

With the Metrics gateway, merchants can accept all major credit cards for the USA and abroad, as well as debit cards and electronic checks. Because our gateway is truly global, merchants now have the freedom to conduct transactions in multiple currencies throughout the world.

The flexibility of the Metrics Global Gateway means more customers – and more revenue – for your company.

Fast. Simple. Intuitive.

- Innovative, modular gateway that's appropriate for businesses of any size
- Easy, intuitive interface allows set up in a snap
- Integrates with your existing shopping cart or use one of ours
- Built-in online help
- Live, US-based tech support for fast, clear, frustration-free answers

Seamless Switching From Almost Any Gateway

- Our gateway emulator enables seamless transition from other gateways
- Instant recognition of multiply gateway formats and transaction codes
- No addition programming, expense, or downtime required

With the Metrics Gateway, you receive global electronic payment services from a trusted partner.

Experience the confidence that comes with dependable and flexible payment processing.

Unsurpassed Flexibility

- Accept all major credit cards from the USA and abroad
- Accept electronic check, debit card and VISA/MC gift card payments
- Fully configurable virtual terminal for manual transactions
- Payment card readers available for card-present transactions
- Variable recurring billing plans
- Batch uploading option for pre-submission order review

The Power To Reach The World At Will

- Pre-configured to accept international credit and debit cards
- Process transactions in multiple currencies
- Use selective blocking for payments from any country
- Route international transactions to alternate processor if desired
- Batch uploading allows pre-submission order approval

Close The Sale Anywhere, Anytime

- iProcess™ Mobile Payment is compatible with iPhone, iPad and iPod Touch
- Accept payments anywhere there's WIFI Access
- Perform keyed or card-present transactions
- Hardware and data encryption
- Issue full or partial refunds

Measure Results to Better Manage Your Business

- Effortlessly analyze results using integrated tools
- Efficiently sort and group data by multiple fields
- Quickly create real time graphs and charts
- Easily download data to QuickBooks

Advanced Data Vault For Peace of Mind

- Precludes storage of financial data on your servers
- Prevents employee access to raw customer data
- Supports MasterCard® SecureCode™ and Verified by VISA Card Authentication
- Supplies added identity theft protection
- Provides greater customer confidence
- Allows remote access to information needed for rebilling

iSpyFraud™ Protection For Today's Challenges

- Add the iSpyFraud Tool for added protection
- Multi-layer fraud filters provide advanced fraud-management
- Allow, screen or block transactions based upon the criteria you define
- Create your own white-list/black-list customer databases

Automated PCI Certification

- Allows you to complete PCI certification within your own gateway
- Easy, guided process that you complete from your computer
- Download website validation seal for customer assurance
