

Unified Payment Solutions Everywhere

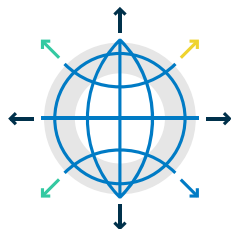

PRODUCTS

We are payments partners, advocates, and problem-solvers. Our unified commerce and payments platform of products and services will connect you to a global marketplace, enabling your international expansion strategy and fueling your growth plans.

Multi-currency Platform

Multi-currency processing allows your customers to pay for their purchases using their own currency. This gives your customers a frictionless shopping experience, reducing cart abandonment, and establishing trust in your business.

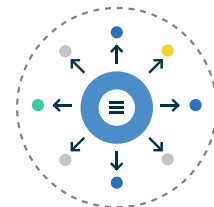

Local Acquiring

To help lower your costs and cut through the complexity, we've teamed up with local acquiring partners in 58 countries worldwide. Having experienced acquirers results in better approval rates and fewer or no cross-border fees.

Localized Payment Methods

From bank transfers and cash vouchers to digital wallets and direct debits, a growing number of consumers are choosing LPMs over traditional credit cards. Keep up with the payment landscape by choosing a solution that accepts virtually all of them.

Omnichannel Commerce

Our omnichannel payment platform is meticulously built to help you accept payments from around the globe, in virtually every currency and payment method under the sun. And with its single API, selling in virtually any channel just got a lot less complicated.

Our Platform

We connect you to a scalable and functionality-rich cloud-based platform to fuel your market expansion strategy and drive optimization within your payments infrastructure.

About Us

At Metrics Global, we believe payments flow better when the solution is designed around the unique needs of your business. That's why we're seen as the alternative to prepackaged payment solutions. Our commitment to deep consultation not only gets powerful results for our clients. It also explains a client retention rate that leads the industry.

We believe passionately in our five values:

Trust & Transparency

Features and benefits are important. The personal relationship is more important.

Real Partnership

It takes hard work, sometimes tough conversations, and a joint commitment to a WIN/WIN philosophy.

Reliability

We do what we say we will do. Enough said.

Business Transformation

From the C-suite to the accounting clerk it's all about adding meaningful, measurable value.

Service

Our reputation has been built on a commitment to outstanding service.
